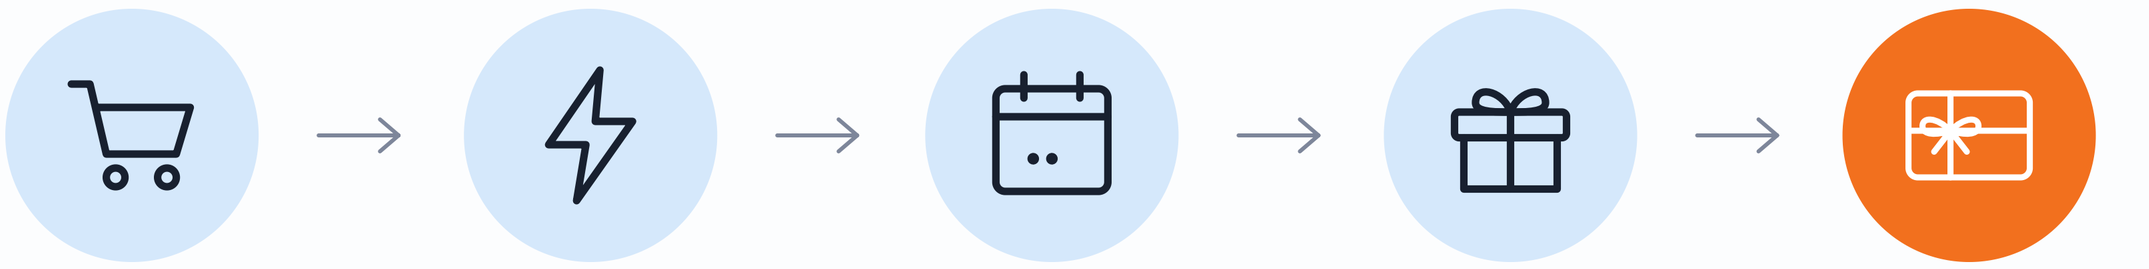
Verification & FAQs

A fair process for everyone.

Why isn’t the reward instant?

Every referral is checked automatically. You receive a €20 gift card once your friend’s Station is activated, has run normally for 30 days, and all rules are met.



Frequently asked questions

Can I refer more than one friend?
Yes — as long as you know each of them personally.

Two Stations in the same home — do both count?
Yes. Each main unit has its own serial number, so 2 units = €40.

Does my friend get a gift card too?
No. Only the referrer gets the gift card.

Do expansion batteries count?
No. HYX-MS3000B expansion batteries don’t earn extra rewards.

What if my friend returns the Station?
If it is returned, refunded or cancelled during the 30-day check, there is no reward.
