#### Notices:

- Battery warranty expiration date shall be defined as the first arrived condition when the battery pack reaches the warranty period, the life cycle discharge is completed, or the remaining capacity EOL meets the specification requirements. The power module DCDC only involves the warranty period and has nothing to do with the battery performance. The battery pack and power module shall be provided with an independent warranty.
- Capacity test conditions: at an ambient temperature of 25°C±3°C, after charging to 100% SOC, let it stand for 10 minutes, and discharge the tested battery cell at a set current of 0.2C to the discharge termination voltage, and record the amount of electricity released in the process.
- In order to remotely upgrade the latest firmware to ensure battery life, the battery is highly recommended to connect to the HYXiPOWER Smart Energy Platform.
- After the battery is purchased, the installation needs to be completed within 3 months. If the battery fails, it needs to be reported within 14 days. The battery cell damage caused by the negligence of battery that cannot be charged for a long time is not covered by the warranty.

- E. The operation and service life of battery is related to the working temperature. Please install the battery at a temperature equal to or better than the ambient temperature. The recommended working temperature for the battery is 10~40°C.

## 2.2 Hardware Service

At Hyxi's sole discretion, the Defected Products shall be repaired or replaced if any malfunction or damage occurs to the Hyxi Products.

### (A) Repair

Hyxi may, at its sole discretion, offer repairing services by means of remote diagnosis and commissioning or a house-call on appointment. Such repairing services may be performed by Hyxi or a third party appointed by Hyxi at Hyxi's sole discretion, and the Customer shall offer cooperation for repairing services to be performed.

### (B) Replacement

If Hyxi elects to replace the Defected Products, the replacement Products shall be the same type and physical form as the original one, and/or electrically compatible with the original one. If Hyxi replaces a battery, the replacement battery shall have an electrical output of not less than the warranted output of the Products causing the breach of the Warranties at the time of replacement, based on the warranted Degradation Rates set forth at Clause 1. If the Products are replaced within the Warranty Period, the remaining Warranty Period of the Warranty Period shall be deferred after the Products are replaced. Any replacement of the Defected Products shall not cause an renewal and/or extension of the Warranty Period of such Defected Products.

Notwithstanding the foregoing, if Hyxi no longer supplies Products meeting the foregoing criteria, the additional or replacement Products shall be those similar or other type Products then supplied by Hyxi at its own discretion, considering that the replacement Products may be in different size, shape, color, and/or other capacity. The Defected Products must be properly disposed of by the Customer or be collected by Hyxi for proper disposal. The replacement Products shall be delivered to the same destination where the original Products locate at. Upon completion of the applicable replacement set forth, the ownership of the Defected Products shall be transferred back to Hyxi. Hyxi's performance of any repair, replacement, or provision shall not lead to the suspension, renewal, or extension of the term of the original Limited Warranty or variance from the terms of the original Limited Warranty.

Outside Warranty the repairs for Defected Products shall be at the cost of the Customer, which may include, but is not limited to, labor cost, components cost, testing cost, and any associated costs of shipping/freight. Products shall be repaired only after (1) the customer is provided with an estimated cost of the repairs of the Defected Products; (2) the customer provides written approval to commence the repairs on the Defected Products. If Customer does not reply within 15 days from the date that customer is notified with an estimated cost for repairs on the Defected Products, then the Defected Products shall return to Customer said Defected Products freight collect.

## 3 CLAIMS OF MALFUNCTION OR DAMAGE

3.1 If Customer discovers that there is any malfunction or damage occurring to the Hyxi Products, Customer shall promptly provide written notice to Hyxi or a third party appointed by Hyxi, and the following information and materials set forth within 14 days after discovering the malfunction or damage :

(A) The model and serial number of the Products which has malfunction or damage ("Defected Products");

(B) The Materials showing the system configuration details if the Defected Products are installed;

(C) The Form of Defected Products Claim ("Claim");

(D) The specific and detailed description of the Claim, and the evidence to prove the Claim, including but not limited to physical address, contact information, photographs and videos as requested by Hyxi;

(E) Any additional materials or evidence requested by Hyxi.

- 3.2 Hyxi shall have the right to reject the Claim without bearing any liabilities if Customer fails to provide any information or materials listed in Clause 3.1 within the aforementioned 14 days.

## 4 Exemptions

When any malfunction or damage occurs to the Hyxi Products due to any of the following reasons, Hyxi has the right to refuse to repair, or Hyxi could collect a proper cost for the materials and man-hour fee for the repair as the case may be:

- 4.1 The original Product's serial number label has been altered, replaced, torn or lost;
- 4.2 Products model and/or serial number of the Products do not tally with the Products;
- 4.3 The Warranty Period has expired according to this Warranty Policy or the contract entered with the Customer;
- 4.4 The malfunction or damage is caused by the failure of the user to use, maintain or take care of this Product according to the user's manual;
- 4.5 The malfunction or damage is caused by the repair conducted by an organization not authorized by Hyxi;
- 4.6 The malfunction or damage is caused by accidents, force majeure, or human reason;
- 4.7 Products used for demonstration purposes (i.e. samples) are not entitled to this warranty policy;
- 4.8 Damage directly caused by non-Hyxi related problems in customer's premises;
- 4.9 Malfunction or damage is caused by non-compliance with applicable safety and installation standards rules and improper use of the product;
- 4.10 Installed or operated not in accordance with the strict documentation, including but not limited to, failed to ensure adequate ventilation for the product as described.

## 5 Geographical Scope

These Limited Warranty terms and conditions only apply for the products which are originally purchased from Hyxi's authorized channels and installed in the destination defined within the Local country/region, unless there are special agreements signed between Hyxi and the direct purchaser. For any units sold for one country/region but installed in another country/region, the warranty will become invalid if there is no written confirmation/approval from Hyxi prior to the installation.
